

KING HEDLEY II

Rehearsal Report #2

Wednesday, May 13th, 2026

6:30 - 9:30 PM

GENERAL INFORMATION	TARDINESS, INJURIES & ILLNESS
We started with some check-ins and then we finished our read through. After a quick break, we did some table work and discussed thoughts on different scenes. Then we moved into the space and worked through the sections that we're planning on performing.	SAVANNAH was sick with a cold and was unable to join us today. MILES was a little late today.

SET & PROPS

It would be amazing if we could get the dirt to practice with for tomorrow's rehearsal!

LIGHTS

At the beginning of the prologue, we would like dark dim light mainly on King

(JUSTIN) center stage while he's pouring the dirt. Then a bright full lights when Stool Pigeon (MATHIEU) enters.

SOUND

We're scrapping the recorded whispers—we'll do the whispers live in the space instead.

NOTES

None!
