INTRODUCING OUR JUDGES...

Bryan Shedden

Bryan Shedden is an alumni of St. Pete High and 1-time performer in Goldfever with a keen insight and a fiercely unbiased judging perspective. He wishes luck to all of the groups!

Rachel Bryan

Rachel Bryan is a St. Petersburg High alumna who is currently serving as the reigning Miss University of South Florida. After graduating from St. Petersburg High in 2017, she pursued two degrees at the University of South Florida, where she now works with the USF Alumni Association. In addition to her academic and professional achievements, Rachel has a passion for cosplay, designing and crafting her own costumes. This creative interest was sparked during her involvement in theatre at St. Petersburg High, and she continues to inspire others by encouraging students to follow their dreams.

INTRODUCING OUR JUDGES...

Khasilan “Si” Riley

Khasilkan Riley, known as Si is a dynamic force in the world of dance. A 17-year veteran of the art form, Si's journey spans Hip Hop, Breaking, and Popping, with a focus on storytelling through movement. His unique style not only showcases his technical skill but also reflects his deep belief in dance as a powerful tool for self-expression and transformation.

Si began to showcase his work at Saint Petersburg High School, where, as a sophomore, he became the captain of the Leo Club Dance Team. Leading the team through his junior and senior years, Si guided them to their first Goldfever competition victories in years—an achievement that reignited the team's legacy.

At just 24 years old, Si's journey through the dance world is already marked by meaningful milestones. He's won first place in competitions such as Dance Revolution's Exhibition and is a 2-time All-Style Dance Battle Champion. His competitive spirit also led him to top 8 finishes in all-style battles in Chicago and Oakland. Beyond competitions, Si's talent has taken him to major stages, where he opened for the Aspire Tour at the Cobb Galleria Centre in Atlanta, performed at Georgia's International Convention Center with Pravana, and shared the stage as a background dancer for Singer/Songwriter Alex Harris.

Today, Si is focused on sharing his holistic approach to dance with others. Passionate about teaching improvisation, Hip Hop, and other street dance styles, he provides a supportive environment for students to grow, build confidence, and connect with their own creativity.

Through his work, Si is dedicated to using dance to empower others through his dance program "Soulistic Dance," believing that movement is not just about technique, but about discovering one's true self and unlocking their potential.
